Technology Metals | Advanced Ceramics

## Global Product Manager - LED

### About the Job

H.C. Starck is a leading global supplier of refractory metals and technical ceramics, and serves growing industries such as the electronics, chemicals, automotive, medical technology, aerospace, energy technology, and environmental technology industries, as well as mechanical engineering and tool manufacturers with 12 modern manufacturing facilities located in Asia, Europe, and America.

A challenging opportunity exists for a *Global Product Manager* at H.C. Starck. The incumbent will be responsible to grow sales and profits for the LED market segment. The Global Product Manager will manage the execution of a product through its life cycle, including setting market pricing, rationalizing products and ID, and qualify development efforts. The Global Product Manager defines all aspects of the marketing effort for the LED segment, including industry participation in conferences, promotional activities, technical articles, and will set a unified company image to worldwide business partners.

### Requirements:

Qualified candidates require a Bachelor's degree in business with 10 years of experience in materials science or related industry with a focus on the LED market segment, and at least 5 years of experience in sales management or marketing capacity. Position requires a broad understanding of customers, technologies, competitive and regional trends. Prioritization, communicating and leading strategic market initiatives is required, including strategic alliances with customers and industry partners. It is essential the incumbent has a strong financial, communication, presentation, interpersonal, and technology skills.

### Benefits:

H.C. Starck offers exceptional opportunities for achievement and advancement, along with highly competitive compensation. We also offer excellent benefits, including company medical dental, 401(k) with company match, educational assistance reimbursement, health club reimbursement, and bonus program participation.

Qualified candidates should send their resumes to:

**Human Resources, H.C. Starck, 45 Industrial Place, Newton, MA 02461-1951**

**Fax: +1 617 630-4844**
